Luck of the Irish wear**

GREEN

Wear **GREEN** for the celebration of St. Patrick's Day.

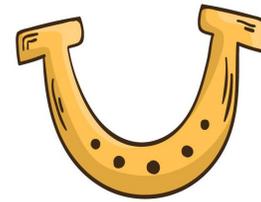

The day commemorates Saint Patrick and the arrival of Christianity in Ireland and by extention celebrates the Heritage and culture of the Irish in General.

Public parades and festivals and the wearing of **green** attire or **shamrocks**.

Saint Patrick's Day is celebrated in more countries than any other national festival.

Saint Patrick's was perceived as the middle of spring in the Irish Calendar.

People expected that weather would be improved following the festival, and farmers would begin planting potato.
